

libCorridorGen::InitTraj  
Planner

```
graph BT; A["libCorridorGen::ECBSPlanner"] --> B["libCorridorGen::InitTraj Planner"]
```

The diagram illustrates a relationship between two classes. At the bottom is a white box labeled 'libCorridorGen::ECBSPlanner'. A blue arrow points vertically upwards from this box to a gray box at the top labeled 'libCorridorGen::InitTraj Planner'. This indicates that 'libCorridorGen::ECBSPlanner' inherits from or specializes 'libCorridorGen::InitTraj Planner'.
